## Making Sense Out of Uncertainty

**As you may have observed, equity markets have been volatile this month.**

**Although we take such market conditions seriously, what matters most when we see weeks like this? Here are a few thoughts:**

**Our clients' investment portfolios have been designed and built specifically for them, based on their lifestyle, current and future plans, and the dreams, concerns, goals, and aspirations they have expressed to us.**

**From a financial planning perspective, our clients won't need to change those plans based on what happens this month. Having lived through market cycles for our firm's 25 years, we know that market cycles will continue.**

**We continue to monitor what is going on around the world and at home in business, politics and the markets, so that we can continue to offer the input and guidance you expect from us. As we see needed changes, we will let you know.**

**We appreciate the opportunity to serve, and look forward to helping you to achieve financial well-being for many years to come.**

**The Center helped raise \$15,000 for the 4th Annual Cystinosis 5K Fun Run in honor of Kacy Wyman. Many of the Center's staff and a few clients participated in the May 2nd event. Jen Wyman shares the following: "This year, we again shirtd up 300+ friend and family, fueled their bellies with breakfast and coffee, filled their hearts with social warming and sent them on their 3.2 mile route. Some ran, some walked, some rode in strollers and wagons and some even rode bikes. This day is becoming our favorite day of the entire year. We never feel more loved and energized and our hearts could never be more full on this special day."**
